

10401 Tucker Street Φ Beltsville, MD 20705 Φ 1-301-345-1300

Frederick Cancer Research Facility-Fermentation Lab

OWNER	NATIONAL CANCER INSTITUTE
Location	Frederick, MD
Project Value	\$355,855.00
Completion date	April 1999
Major Challenge	Working in 'clean room' environments
General Contractor	Hitt Contracting

DESCRIPTION OF WORK

Installation of 1200amp service in a specialty laboratory setting.
 Installed complete lighting system with controls for 'clean room' environments.
 Supplied and installed specialty grade devices and plugs for sensitive laboratory equipment.
 This project later lead to an extension phase where additional 'clean room' environments were expanded to accommodate new equipment and additional electrical service and lighting system expansions were installed.
